For Immediate Release

EXECUTIVE COACHING FIRM EXPANDS TEAM

Baker & Daboll welcomes executive coach Mark Cappone, growing to serve Greater Columbus, Ohio clients.

Cincinnati and Columbus, OH — (August 2022) —Baker & Daboll, a firm providing executive and leadership coaching, is expanding its list of coaching professionals and footprint by adding Colonel (Retired) Mark Cappone to the team. Through one-on-one, executive team, and former military coaching, Baker & Daboll designs, develops, manages, and measures coaching programs that are tailored to organizational or individual needs.

Cappone, who will represent Baker & Daboll's presence in the Columbus and Central Ohio Region, is an expert in leadership and organizational development with nearly 30 years of experience as a senior military officer, state cabinet-level executive, and university faculty member. A credentialed executive coach with decades of practical leadership experience, Mark currently coaches clients in fields from software, logistics, and insurance to government, non-profit, and academia.

"I am thrilled to join Todd Uterstaedt, Dr. Amy Katz, and Kyle Steele in the transformational work they're accomplishing as they help develop leaders through executive coaching," Cappone stated. "As countless leaders have discovered, executive coaching can serve as an accelerator to traditional leadership development efforts. Today's operational environments demand greater agility, presence, and adaptability for leaders to succeed. Executive coaching can truly help in the development of these attributes."

Cappone is not unfamiliar with Baker & Daboll's existing team – his military service was shared with Todd Uterstaedt and Kyle Steele, co-founders of the organization. "Bringing Mark onto the team makes us a better company and significantly enhances the services we can provide our valuable clients." remarks Todd. "For years, I've admired Mark's unique devotion to mission accomplishment, critical thinking skills, dedication to the success of others, and loyalty to his family, friends, colleagues, and clients. These qualities make him a natural fit to the Baker & Daboll team."

Dr. Amy Katz, co-owner and Senior Executive Coach goes on to say, "Mark seamlessly transitioned to our team, and we welcome the addition of his unique perspectives and experiences as we expand our reach and expertise.

"After serving with Todd and Kyle as Army officers almost 30 years ago, the chance to serve with them again at Baker & Daboll is an opportunity of a lifetime," Cappone said. "I am excited at the possibilities that joining this winning team represents."

Baker & Daboll's website is bakerdaboll.com and the firm can be reached at 513-339-1007.
